PROJECT NAME	To create a Google my business profile

Requirement analysis:

Gather all relevant details about your business, including name, address, phone number, website, and business category. Ensure you have access to the physical location or receive mail at the provided address to complete the verification process. Prepare high-resolution images of your business, including the logo, cover photo, and interior/exterior photos. Write a concise and engaging business description that highlights your products or services. Define your regular business hours, holiday hours, and special hours if applicable.
